

## BONE DRY GETTYSBURG NOT A LAWFUL BAR IN TOWN ALLOWED TO SERVE.

Eight Licensed Places and Three Clubs Served Notice to Stop Selling Liquor.

The first intimation that Gettysburg had that it was to be made bone dry under the authority of Federal laws giving the power to make territory dry within a radius of five miles from the camp, came this week when the orders were sent from Washington to the United States Attorney at Scranton. On Wednesday the city papers contained the following dispatch:

"Acting on instructions from Washington which designated as a military camp the Gettysburg National Park, United States Attorney Rogers L. Burnett on Tuesday issued an order for the closing of all saloons in Gettysburg within half a mile of the camp.

"The execution of the order will put Gettysburg in the 'dry' column, as all of the saloons there and at least one wholesale house are within the prescribed zone. Eight bars will be put out of business.

"The closing order was handed to United States Marshal W. I. Magee, who will go to Gettysburg to-day to enforce it. The order not only hits all bars in the borough within the half-mile radius, but applies to all places where liquor is sold outside of the borough within five miles of the camp.

"Many complaints have been received by Burnett's office about the selling to soldiers encamped in Gettysburg and the wholesale house has been specified as a leading offender."

United States Marshal James S. Magee of New Bloomfield, and his deputy Harvey T. Smith, arrived in Gettysburg Thursday morning with the orders from Washington for the closing of the bars. The notices were served on the seven hotels in this place, Eagle Hotel, Hotel Gettysburg, City Hotel, Lincoln Way Inn, Wash Hotel, Battlefield Hotel and Washington House, and upon the one liquor store of John Kimple. The Elks' Club, the Eagles and the Colored Elks, were also served with notices to cease the sale of liquor. All the places are under Federal jurisdiction in having to have to pay an internal revenue tax in addition to the Federal jurisdiction of being within the five mile limit of a camp of soldiers.

It can hardly be said that the order came like a bolt of lightning out of a blue sky. The proprietors of our hotels were all in favor of having the camp located here but when the question of making territory dry around camps was being agitated, one of the hotel men said with a laugh, that it looked like we were going to get something not counted on when camp was asked for—dryness. So the order for bone dry territory was not a surprise.

It is said that the United States Attorney's Office had all kinds of complaints, bootlegging, etc., but Gettysburg was not the great offender, nor the chief offender. The action of the hotel men soon after the camp was opened of agreeing not to sell in pints and half-pints made a helpful condition for this place but when York and Hanover played a different kind of a game and Emmitsburg became a great offender, it followed that it was only a matter of time that whiskey would be hit by making the place dry territory. If the Army proposes to be consistent now, and it should be, no more passes should be issued beyond a five-mile limit.

If France takes abstinence from her defenders and Russia abolishes vodka, Uncle Sam should do more than make dry territory of a radius of five miles from a camp. The soldiers should be kept within that radius and so divorce liquor from the army.

Strict observance of the orders will have no detrimental effect on this place. The hotels are doing a land-office business in boarding and lodging, frequently every room being occupied, and with such a harvest all around them, it is not likely that any would for a moment contemplate the old cutting off nose trick to spite their faces. The Gettysburg hotels will go along as they have been doing and likely better than ever before.

## County Medical Men Banquet.

Adams County Medical Association held a banquet on last Friday evening at the hotel at Ansonia. The party included physicians, their wives and guests numbered fifty. A fine chicken and stuffing dinner was served. All the doctors of Adams county were present and their guests were Dr. Harvey Smith, of Harrisburg; Doctors Bacon, Brown, McDowell, Scott, and King, of York; Doctors Ditzinger and Stick, of Hanover; Mr. and Mrs. Ball, of Mahanoy City; and Mr. and Mrs. John D. Keith, of Gettysburg. After the supper Dr. W. E. Wolff, of Ardenstville, president of the association, who was toastmaster, called on a number of the guests for speeches and they responded. Several of them had attended the recent State convention at Pittsburgh and gave entertaining reports.

## Escaped Prisoners Likely Took Car.

A new Overland car was stolen from the garage of Oyer Brothers on

North Stratton street on Tuesday night and three new tires and a lot of tools went with the car. Word came Wednesday afternoon that the car had been found ditched along the road near Altoona. It had the Oyer tag on so the ownership of car was clear. The two soldiers, Walter Forbes and Robert Staub, who broke jail a second time last Friday, are supposed to have stolen the car. Forbes was in jail on charge of theft of a car from Oyer Brothers some time ago which had been recovered. After the two had been captured at Carlisle they were placed in separate cells. One of the prisoners picked the lock of his door, took a bunch of keys from the sleeping turnkey, Peter Hiner, and it was an easy matter to get outside the jail. The escaped prisoners must have hidden themselves in neighborhood until Tuesday night when the Overland car was stolen.

## Adams County's 1917 Apple Crop.

Go where you may throughout the fruit belt of Adams county, and you will find the fruit growers busy picking their harvest of apples. A number of the early varieties have already been picked. When apple picking begins, the canning establishments are going on high gear, the barrel making and box plants are rushing their orders, in fact now is the time when apple is king.

Adams county to the best guessers will have a crop a little less than last year. The crop in 1916 was over 150,000 barrels and this year's crop is expected to go to 125,000 barrels. As the average price is going to be higher than last year, likely more than \$1.00 better per barrel, for they are bringing over \$3.00 now, and if all signs do not fail the Adams county apple crop is going to be worth not less than \$400,000 and perhaps then some.

Adams county fruit growers and people should be publicity agents of the apple all the time for several reasons. There is no apple of more rich color or finer flavor than that grown in Adams county. In exhibitions and markets the Adams county apple has established itself at the top of the pile.

There is another point of view of the apple that should be constantly exploited. Its value is not alone as a fruit, but it excels for food value.

According to official government figures on the nutritive content of various foodstuffs, the food fuel value per pound of raw apples is 200 calories (food energy units). Translated into everyday terms this means that apples have about three-fourths the nutritive value of potatoes, and as every one knows, potatoes are a solid and dependable food.

At ordinary prices, a dime's worth of apples contains more food fuel value than a dime's worth of any other fresh fruit, and in addition to this we must remember that they have the best keeping qualities of any fruit we use.

## Red Cross Notes.

The annual meeting of the Gettysburg Chapter of the American Red Cross will be held in the Court House on next Tuesday evening, October 9, at eight o'clock. This will be a meeting of special interests as reports will be given of the work accomplished by the chapter during its first year. The Red Cross work room in the Episcopal parish house which was open on Tuesday and Friday mornings during the summer months, will now be open all day Friday, from 9 A. M. until 5 P. M. Mrs. Wm. Hersh has been appointed to take charge of the work on surgical supplies.

## County Boy in Rainbow Division.

Mr. and Mrs. Amos Fissel of near Biglerville, have returned from a visit to New York where they spent several days touring the metropolis and visiting their son, E. Leroy Fissel, at Hempstead, Long Island. E. Leroy Fissel, who has been making his home at Pratt, Kansas, for some time, enlisted in the field artillery and after several months training in the West, was transferred to the training camp at Hempstead, L. I., where his battery became part of the "Rainbow Division" of the American Army which is now awaiting orders to sail for France.

## Wanted the Toll Money.

Jacob Harr, toll-gate keeper at the Cross Keys gate, between New Oxford and Altoona, had a narrow escape from being held up and the toll money taken from it one night this week. While Keeper Harr and H. L. Shellenbarger were returning home and their team had reached a point about midway between the farms of Edward Follmer and Charles Ferry, a man came galloping across the road. The man, however, became tangled and the horse was not able to accomplish its purpose before the team had passed the point. Harr called to the strangers to ascertain what they were going to do but they gave no answer and hurried away. Harr had the money collected during the day and it is thought that the men had planned to take it from him.

## Pastoral Changes.

On Saturday, October 6, the following changes become effective in the Catholic churches in this county: Rev. Fr. Shanahan, of Ronneville, will go to New Oxford; Rev. Fr. Gies, of Fairfield, will go to New Freedom; and Rev. Fr. Scanlon, of St. Patrick's church, York, will go to Fairfield. Rev. Mark Stacks, of New Oxford, has gone to Camp Meade.

## THE LIBERTY LOAN

W. G. McADOO, SECRETARY OF TREASURY OFFERS NEW ISSUE.

A Four Per Cent. Investment Not Subject to Taxation Shows Way to Back Uncle Sam.

For the purpose of equipping with arms, clothing and food our gallant soldiers who have been called to the field; maintaining our Navy and our valiant tars upon the high seas; providing the necessary means to pay the wages of our soldiers and sailors and if the bill now pending in the Congress passes, the monthly allowances for the support of their dependent families, and to supply them with life insurance;

constructing a great fleet of merchant vessels to maintain the line of communication with our brave troops in France, and to keep our commerce afloat upon the high seas in defiance of the German Kaiser and his submarines;

creating a great fleet of aeroplanes, which will give complete supremacy in the air to the United States and the brave nations fighting with us against the German military menace; and for other necessary war purposes,

The Congress of the United States has authorized the Secretary of the Treasury to sell to the American people bonds of the United States bearing four per cent interest, with valuable tax exemptions, and convertible under certain conditions into other issues of United States bonds that may be authorized by the Congress. The official circular of the Treasury Department gives full details.

There is now offered to the American people a new issue of \$2,000,000,000 of bonds to be known as the Second Liberty Loan. They will be issued in such denominations and upon such terms that every patriotic citizen will have an opportunity to assist the Government by lending his money upon the security of a United States Government bond.

It is essential to the success of the war and to the support of our gallant troops that these loans shall not only be subscribed, but over-subscribed.

No one is asked to donate or give his money to the Government; but everyone is asked to lend his money to the Government. The loans will be repaid in full with interest at the rate of four per cent per annum. A Government bond is the safest investment in the world; it is as good as currency and yet better, because the Government bond bears interest, and currency does not. No other investment compares with it for safety, ready convertibility into cash, and unquestioned availability as collateral security for loans in any bank in the United States.

People by thousands ask the Treasury constantly how they can help the Government in this war. Through the purchase of Liberty Bonds everyone can help. No more patriotic duty can be performed by those who cannot actually fight upon the field of battle than to furnish the Government with the necessary money to enable it to give our brave soldiers and sailors all that they require to make them strong for the fight and capable of winning a swift victory over our enemies.

We fight, first of all, for America's vital rights, the right to the unimpaired and unobstructed use of the high seas, so that the surplus products of our farms, our mines and our factories may be carried into the harbors of every friendly nation in the world. Our welfare and prosperity as a people depend upon our right of peaceful intercourse with all the nations of the earth. To abandon these rights by withdrawing our ships and commerce from the seas upon the order of a military despot in Europe would destroy prosperity and bring disaster and humiliation upon the American people.

We fight to protect our citizens against assassination and murder upon the high seas while in the peaceful exercise of those rights demanded by international law and every instinct and dictate of humanity.

We fight to preserve our democratic institutions and our sovereignty as a nation against the menace of a powerful and ruthless military autocracy headed by the German Kaiser, whose ambition is to dominate the world.

We fight also for the noble ideal of universal democracy and liberty, the right of the smallest and weakest nations equally with the most powerful to live and to govern themselves according to the will of their own people.

We fight for peace, for that just and lasting peace which agonized and tortured humanity craves and which not the sword nor the bayonet of a military despot but the supremacy of a dedicated right alone can restore to a distracted world.

To secure these ends I appeal to every man and woman who resides upon the soil of free America and enjoys the blessings of her priceless institutions to join the League of Patriots by purchasing a Liberty Bond.

—Mrs. Van Bailey, of Baltimore, is spending some time with her sister, Miss Annie Major, at her home on Carlisle street.

## Great War Tax Bill Passed.

Congress finished its work on the great War Tax bill. On Monday the House adopted the conference report without a roll call and a dissenting voice and on Tuesday the Senate did the same thing. More than two and a half billion dollars of new taxes are levied by the measure, which has been in the making since last April.

As soon as the bill is engrossed and signed by Vice President Marshall and Speaker Clark it will be sent to President Wilson, who is expected to sign it immediately.

As finally drafted after one of the longest and most strenuous struggles in congressional history, the revenue bill which was passed by the House, May 23, and by the Senate after a month's debate September 10, draws principally upon incomes and war excess profits. As passed by the House it totaled \$1,868,000,000 and the Senate raised it to \$2,416,000,000. The conferees' draft increased the total assessment by about \$750,000,000 over the House and \$128,000,000 above the Senate.

The bill now is estimated to raise about \$850,000,000 from incomes, corporate and individual, and about one billion dollars from war excess profits. Other major levies are \$30,000,000 on tobacco; about \$275,000,000 on liquors; \$70,000,000 on first class mail; \$40,000,000 on automobiles; \$77,500,000 on freight transportation; \$60,000,000 on passenger transportation; \$32,000,000 from stamp taxes, and \$60,000,000 from amusement admissions.

Elimination of consumption taxes on sugar, tea, coffee and gas, electric and telephone service, were features of the evolution of the bill.

## U. B. Conference Next Week.

When the Pennsylvania Conference of the United Brethren Church convenes in annual session in Waynesboro, Oct. 10, at least three new officials will be in the order of the reorganization of that ecclesiastical body. The new Bishop of the East District, Rev. William M. Bell, D.D., LL.D., for twelve years bishop of the Pacific Coast District, will preside instead of Bishop William M. Weekley, D.D., who retired at the meeting of the Central Conference last May and was elected Bishop Emeritus. A new secretary of the Conference will also be elected to fill the place of Rev. D. M. Oyer, who died since the last session.

The most interest is manifested in the selection of a new Superintendent to succeed Rev. William H. Washinger, D.D., who was elected Bishop and assigned to the Pacific Coast District by the last General Conference and who filled the office of Superintendent for fifteen years, being director of the whole Conference for a period of thirteen years.

Upon Dr. Washinger's resignation Bishop Bell appointed three of the leading pastors of the Conference as a Superintending Committee to close the year's work: Rev. A. B. Statton, D.D., of Hagerstown, Md.; Rev. L. Walker Lutz, D.D., of Chambersburg, Pa.; and Rev. A. A. Long, D.D., of York, Pa. Many surmise that one of this committee will be named as Dr. Washinger's successor. Rev. C. E. Fultz, D.D., of Washington, D. C., is also a candidate for the position, and Rev. J. L. Grimm, D.D., of Shippensburg, has been advocated by his friends for the place, as have also Rev. R. H. Hummelbach, of Frederick, Md., and Rev. G. W. Strick, D.D., of Ballastown, Pa.

Dr. Theodore Kharas, not unknown in Orrianna, is now in view in the matter of another banking project at Hustontown, Fulton county. His solicitor has given notice of a proposed application to the Governor on January 2, next, for a charter for an intended corporation to be known as the Bank of Hustontown. It is expected to fix the capital stock at \$25,000 divided into 500 shares of the par value of \$50 each.

## ARENDTSTVILLE.

J. Lewis Kane has purchased a new late improved automobile truck to use in shipping his large apple crop.

Messrs. Hiram C. Lady and James O. Hoffman each bought a milk cow at the stock sale held at Bendersville last Saturday. The former paid \$63 for his cow and the latter paid \$50.50 for his. Milk cows are scarce in this section and farmers should raise more. If feed is high the price of milk and butter has advanced in proportion so that it still leaves room for a fair profit.

Jacob H. Worman reports a sweet potato that weighs 2 pounds 14 ounces. The sweet potato crop in this section is good, and our farmers who have been cutting off corn report that a good crop.

Frank R. Culp, one of our aged veteran soldiers, who was confined to his house all summer with rheumatism in his lower limbs, is able to be out again.

Mr. and Mrs. H. P. Mark spent several weeks at Atlantic City.

Ernest Bickell of this place is attending college at Gettysburg.

Mrs. Clara Raffensperger of Gettysburg, and Mrs. Kate Bittinger of Aspers, were here last Sunday to attend the communion service in the Reformed Church.

## IRON SPRINGS.

Robert Watson, from Waynesboro, Pa., visited his brother, Wm. Watson, and family, recently.

Norman Bennet and Harvey Herring have bought of John Lightner his saw mill and threshing machine outfit. Terms private.

Mrs. Edw. Strausbaugh, who resides near Mt. Pleasant school house, showed your correspondent a cantaloupe weighing 11 pounds.

Mrs. Elmer Bennet visited her father, O. B. Lightner and family, quite lately.

Geo. Sanders made a business trip to Gettysburg on Saturday last.

The farmers are busy through this section cutting corn and picking apples. Laboring men are scarce.

W.H.

## Escaped Prisoners Caught.

Early last Sunday morning two prisoners escaped from jail by sawing the heavy iron bars at a cell window. Both were soldiers, one Walter Forbes, charged with theft of the Oyler automobile, and Robert Staub, accused of larceny of suit of clothes at the Rogers Martin Store. They were caught in Carlisle and returned to jail.

## Marched Back to Camp.

Last Friday 250 soldiers, who had attended the Hanover Fair without

permission on Thursday, were rounded up and marched back to town. Sixty mounted military police did the rounding up Thursday evening. The tramp back to camp took between 3 and 4 hours.

## Great Hagerstown Interstate Fair.

Patriotism charges the atmosphere! We are at war with a mighty nation to-day, and every true-hearted American, be he of whatever lineage, stands ready to do his bit to save our beloved land from the ravages of a jealous, envious foe.

The spirit of war and patriotism has impregnated the big FAIR of 1917, making its presence known in a hundred ways. It will be a cheering, loyal crowd that will gather within our gates on those four days—a gathering of Americans who will mingle in joy and understanding such as has never been felt before.

Let us take this time to urge upon you the necessity of devotion to America, the need of conservation, the demand of upright dealing with your neighbor, to the end that we may all fight together in one way or another to win this great fight for freedom and democratization of the entire world.

COME TO THE FAIR PREPARED TO LEARN HOW TO "DO YOUR BIT," Oct. 9, 10, 11 and 12.

**Letter Writing.**  
De Quincey advised "all who would read our noble language in its native beauty, may in its place, they delicate yet sincere in its composition, to steal the mail boxes and lay down on the letters in a fine handwriting."

After reading this it was not a surprise to find that such a man for the inventor of letter writing to a woman—a woman of reality—the Persian princess, Atossa. According to one of the old writers, this invention was a marvellous achievement to the absent lover and his anxious friend.

Southey said, "A letter is like a fresh billet of wood upon the fire, which, if it be not needed for immediate warmth, is always agreeable for its exhilarating effect."

In her "Sonnets From the Portuguese" Mrs. Browning says:  
My letters! All dead papers, mute and white.  
And yet they seem alive and quivering.  
Against my tremulous hands which loose the string  
And let them drop down on my knees to-night.

## FIRST DEATH FROM DISEASE

### IN THE UNITED STATES CAMP AT GETTYSBURG.

#### Cancerous Condition Caused the Death of Soldier—Body Taken to Southern Home.

Sidney Delaune, a native of Patterson, Louisiana, and a member of Co. B, Provisional Battalion, was the first death in the United States camp at Gettysburg on last Friday, Sept. 28. The camp has been in existence for one week less than four months and there have only been two deaths in that time, and neither from natural causes, one a suicide and the other an accidental death from a stray bullet. The record of the camp here will not be found duplicated in mortality anywhere in the world and it is in large part due to the care given the soldiers and as perfect a hospital service as can be created. A post-mortem examination revealed the fact that he had a cancerous condition of the liver and kidneys. Delaune enlisted on April 13th last. He was 22 years old and single. He leaves his father, three brothers and two sisters. A cousin is a member of Co. C, 4th Infantry stationed here, of which regiment he was a member previous to his transfer to the Provisional Battalion. When he enlisted he gave the name of a sister as his nearest relative and she was immediately notified of his death. The body was sent to his home at Patterson, La.

Mrs. Alice E. Motter, wife of W. Rem Motter, died at her home in Taneytown, on Friday evening, Sept. 21, after an illness of a little more than two weeks. Her death was due to pernicious anaemia. Though only a young woman, in her 27th year, she was widely known and universally esteemed. She had been for six years the leading soprano singer in the Lutheran choir of Taneytown, which gave people a special opportunity to hear and know her. Mrs. Motter was a bride of less than three months having been married on June 27, of this year. They had recently begun house-keeping in a newly furnished residence in Taneytown. She was the daughter of John E. E. Hess, a highly respected farmer of Taneytown district. She is survived by her husband, her parents, a sister, Mrs. Robert Shewell, of Annapolis, and a sister and brother, Miss Margaret Hess and Ralph Hess, at home. She is also survived by her grandmother, Mrs. Elizabeth Hess, who is critically ill, at the age of about four score years. The funeral was held on Monday morning, with the service in the church, conducted by her pastor, Rev. L. B. Hafer. A special choir sang "My Days Are Gliding Swiftly By." Mrs. E. E. Reindollar sang "Face to Face," which Mrs. Motter had sung at the funeral of others; Mr. Earl Weant Koons sang "Rock of Ages." The girls of Mrs. Motter's Sunday School class were flower girls, carrying the numerous and beautiful floral tributes.

He was a veteran of the Civil War, serving in the 113th Penna. Revt., and participated in the battles of Antietam, Fredericksburg and Chancellorsville. He was well known to a number of our people.

Dr. A. R. Allen, of Carlisle, died on Tuesday night after an illness of several months of blood poisoning. It is stated that he contracted blood poison from an operation recently performed. Dr. Allen had an extended practice and as a surgeon his reputation extended beyond state lines. He was a member of the State Examining Board, chief surgeon of the C. V. R. The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

### SUIT 2420

#### BECOMING TO EVERY FIGURE

Seldom indeed is a suit so cleverly designed for both slender and stout figures. There are soft, ripple pleats in front and back with a side panel set on from the hips and extending a little below the regular hem of the jacket. This clever feature gives long lines to the sides making a suit especially pleasing for large figures. The lines of the skirt follow those of the jacket with the same desirable features that make the suit so pleasing.

Fall and winter are welcome indeed when they bring such youthful, graceful suits and coats as these.

You have heard much of the new vogue for straight-line effects and it will delight you to see this fashion in its most charming expression—these advance Wooltex suits and coats for young women.

Remember, that first of all you are coming to see these garments

because they are the wonderful new models just coming into style—but that is not all.

The Wooltex label on them stands for more than style.

It stands for the sort of tailoring and fabrics that cannot be matched in America.

And it is this Wooltex tailoring and these fabrics you need to keep your suit or coat fresh and smart even after months of steady service.

### COAT 1535

Planned for motor and outing wear on fall and winter days, the collar of this coat is cleverly fashioned so as to cross in a new way when buttoned. Here is another Wooltex garment that will retain its good-looking features during long service, because of the thorough and careful workmanship put upon it in the making. Designed to give the straight lines of youth, there is a clever panel down the front arranged by plaits at each side. Two comfy pockets are concealed in the folds of the plaits.

### LET THERE BE NO CURFEW.

Is Gettysburg to have a curfew law? It is to be hoped that the Council for the sake of the greatest asset of the town, our children, will pass no such ordinance. Curfew attracts by the pleasing sound of the word but it provides a negative program, and does not construct for the welfare of the child. It says to the child that he shall not be on the street after a certain hour of the evening. This prohibited thing is not wrong in itself, it only becomes a prohibitive wrong after an ordinance is passed. Then it introduces into the consciousness of the child that he or she is engaging in a wrong in doing that in which there is no wrong. It introduces the thought of law breaking to the child, as one tenderly raised child commented when told about the proposed curfew, "Gee, won't we have fun dodging the cop." A curfew law is going to introduce to many of our children the thought of breaking the law and it is going to give many of our children a needless fear.

A curfew law is simply an excuse and a poor one. If parents and the adult population properly cared for the children there would be no children on the streets late at night. So a curfew is resorted to, to cover up the omissions of parents. "Don't do that," "Quit that," is the dose children get from the time they are able to hear and heed until grown beyond the thing. "Don't do that," is the parent's excuse of not being constructive. The activities of the child. Parents are too much engaged with other things or too self-centered to get close to the growing child and mould it and so wash their hands with negative prohibitions, and that is what a curfew law is.

If our people desire to help our children consistently in the evening, let them open community centers at the school houses or other places, where there would be play rooms, game rooms, recreation rooms, reading rooms. Make them attractive so to invite our boys and girls to go there and have a good time. If such rooms can be supported for the soldiers, why not for our very own, our children? If our children had invit-

ing places to play and recreate in they would not be on the street. If homes were made attractive and inviting for children to have a good time in, they would not want to go away to have fun. When provision is not made at home or in the town for the recreational activities of our children and they give vent to the push that is in them, they land upon our streets, and to have them face a curfew there does not provide for their needs.

If our people will not stir themselves to give a constructive program and decide to apply a negative curfew, the result will be that policemen will chase the boys and girls off the street. Police can never do these acts in a way to protect the self-respect of the children. They will be made to feel that they are being treated as criminals and that they are being punished for being on the street. Our boys will then be forced to play in the streets, and the police will be more calumnies in always, dense, and dark places.

### Catfish Placed in the Conewago.

The Conewago Game and Fish Protective Association received two thousand catfish on Thursday from the State Hatchery and were planted in the Little Conewago Creek.

### London In a Fog.

London is more or less noted for the dense fogs that obscure it at times, and a recent specimen that was in its prime a couple of hours before midnight, was a particularly fine one.

In a space that a good aerodrome could have inclosed I found a chauffeur looking with a lantern for landmarks, so that he could discover in what direction his car was heading. I saw a telegraph messenger fall off his bicycle in the middle of a quiet road, apparently from sheer perplexity, and I found three motor buses that came to rest with their engines close together in such a way as to suggest that each had been checking the other two and had only stopped just in time.

In the small heart of the morning I found a car that had been left in the road with the driver slumbering within, but the driver of a motor bus is a different man in many ways.—London Standard.

### A Person's Adviser.

Old Ned, the parish clerk of Toddington, was a great character. He occupied the first tier of the "three-decker" pews and led the responses in so loud a tone that there was nothing left for the congregation to do.

In my first week at Toddington the whole Wednesday evening service devolved on me. Ned, having taken stock of the new curate, remarked:

"There are two baptisms tonight. This was sufficiently alarming, but my nervousness was increased when he added: 'Take care you don't brain the children against the corner of the seat. It's bin done afore now.'

When I reached the font I perceived that the corner of the semihigh pew was indeed in dangerous proximity.—'Lively Recollections,' by Canon Shearme.

# Red Blood

Is good blood—blood that nourishes the whole body, and enables every organ to perform its functions naturally. Many people owe it to HOOD'S SARSAPARILLA, which relieves scrofula, eczema, psoriasis, and all blood humors.
